

Remote Software Engineer - Immediate Start

Bright Path Global Solutions LLC

Remote (Work From Home) | Full-Time | \$145,000 - \$175,000 / year

Posted 2 days ago

About Us

Bright Path Global Solutions is a fast-growing international company operating in the technology, finance, and logistics sectors. We are expanding our remote engineering team and are excited to bring on motivated individuals ready to start immediately.

The Role

We are looking for a Software Engineer to join our distributed team. You will work on a variety of projects using modern technology to help our company grow. No specific industry experience required - we provide full training.

Responsibilities

- Complete daily tasks assigned by your team lead
- Participate in online training modules
- Use company-provided software and equipment
- Attend weekly virtual check-ins

Requirements

- Basic computer skills
- Reliable internet connection
- Willingness to learn
- Must be able to start within 48 hours of offer

Compensation & Onboarding

This position offers a highly competitive salary of \$145,000-\$175,000 annually, well above industry standard, in recognition of the fast-paced nature of the role. To begin onboarding, selected candidates will need to:

- Provide a copy of a government-issued ID and Social Insurance Number (SIN) for 'payroll setup'
- Purchase a company-approved laptop starter kit (\$850, fully reimbursed after 30 days of employment)
- Provide banking details in advance to set up direct deposit before the first day

How to Apply

Send your resume and a copy of your ID directly to our hiring coordinator at brightpath.hr.dept@gmail.com. Due to high application volume, only candidates who submit ID verification will be considered for immediate onboarding.

Bright Path Global Solutions LLC is an equal opportunity employer.
